Pool Inspectors Industry

Working closely with the Aquatics Industry has taught us the significance and importance of water and pool safety. Over the past 15 years, we have developed a unique industry leading Insurance Program for Associations such as Austswim, Royal Lifesaving, Aquatics & Recreation Victoria. In addition, we work closely with in excess of 500 learn to swim teachers and swimming complexes all around Australia.

How does Professional Indemnity work?

Professional indemnity insurance is a category of insurance that is based around Claims Made or when the Claim is notified, not when the event happened. This is why it is so important to continue to renew your Professional Indemnity insurance each year.

Example; You did work for a client in 2017, however it is not until 2020 that your work and advice has caused your client losses so they decide to take legal action against you for their damages incurred. This is the time that potentially a professional indemnity claim may exist and this will be the date you need a current Professional Indemnity Policy (2020), not when the event happened (2017).

Not only does our Professional Indemnity Policy cover you for professional negligence, it also covers defence costs to defend any legal action bought against you and it also covers any costs associated with an official enquiry or investigation.

Professional Indemnity Insurance

Public Liability Insurance

Public Liability Insurance protects your business for any negligence which results in either physical injury or property damage. With society becoming more litigious it is important that you properly protect your business activities whether they are conducted on or off site. A claim could result from a client tripping over your equipment whilst at their home , suffering a loss of income due to time off work or significant permanent injury.

Public Liability Insurance

Cover	* Premium	Excess
\$5 million	\$291.50	\$250
\$10 million	\$352.00	\$250
\$20 million	\$473.00	\$250

*As a guide only and inclusive of all charges
